Here, you’ll discover 43-square-miles’-worth of elegant resort accommodations, outstanding dining and shopping, all kinds of live (and lively!) entertainment, and a host of outdoor activities, including golf, tennis, swimming, boating, fishing, and lots more! All, in addition to the charm, delight, and grandeur of the Magic Kingdom and Epcot Center.

In short, we’re a total vacation destination, offering the brightest array of leisure-time enjoyment imaginable. That’s why, since 1971, millions of visitors to Central Florida have made us the essential part of their vacations.

Come with us now, as we take you on a preview excursion of the Walt Disney World Vacation Kingdom!

EPCOT CENTER: DAZZLING DISNEY ADVENTURE

High-action fun, space-age ingenuity and Disney "magic" have come together ... in one of the most exciting entertainment creations, ever — Epcot Center. Walt Disney's dream is a reality; taking you on incredible "journeys" through time and space ... across the continents of the world ... and beyond your wildest imagination.

Now, "explore" the two dazzling "worlds" of Epcot Center: Future World, and World Showcase.

FUTURE WORLD

Imagine: Taking a time journey that carries you from the Cro-Magnon Age into a future-age maze of computer circuitry. Encountering life-like prehistoric beasts — inside a solar-powered building the size of three football fields. Or, experiencing the varied climates of a tropical rain forest, a wind-swept desert and a stormy plain ... on one amazing trip. These adventures — and many others — await you in Future World.

Inside futuristic, "themed" pavilions sponsored by major American corporations, you'll be transported — by way of astonishing rides and attractions — into a world filled with exciting ideas and the latest technologies; spellbinding special effects add dramatic impact. You'll even be able to create breathtaking "worlds" of your own, through firsthand

encounters with advanced technical marvels!

Spaceship Earth, a spectacular, 189-foot-high geosphere presented by the Bell System, stands as the gateway to Future World. Here, you'll chart the history of communications — from Stone Age to Computer Age. Just beyond is CommuniCore, where you'll "touch the future," and get a close-up look at how modern technology is used at Epcot Computer Central, presented by Sperry.

The Universe of Energy, presented by Exxon, an electrifying show highlighted by computerized visual images — powered by 80,000 solar cells ... **The World of Motion**, presented by General Motors, a captivating look at transportation milestones ...

Journey Into Imagination, presented by Kodak, a fantastic three-dimensional voyage through the creative process ...

The Land, presented by Kraft, exploring the fascinating partnership between humans and nature ...

WORLD SHOWCASE

Treat yourself to a tour of the world, Epcot Center-style: Stroll the cobblestone streets of the United Kingdom. Unlock the mysteries of ancient and modern China. Lunch in a Bavarian biergarten during Oktoberfest. Explore the breathtaking expanse of Canada. Or, dine in splendor beneath a moonlit Eiffel Tower.

* In World Showcase, Canada, Mexico, Japan, China, France, the United Kingdom, Italy and Germany are brought to life in vivid fashion. Amidst nations standing in friendship beside a broad lagoon, you'll experience in one day the sights, sounds, and excitement you'd expect only after weeks of world travel.

Travel on, and discover dynamic shows and attractions, delightful shops,

and colorful entertainment unique to each nation. The dining is especially superb. At Les Chefs de France, savor the gourmet masterpieces of superstar chefs Paul Bocuse, Roger Verge, and Gaston Lenotre. Or, have singing waiters serve you Fettucine Al'Alfredo at L'Originale Alfredo Di Roma. In Mexico, enjoy the famed cuisine of the incomparable San Angel Inn. And in Japan's Restaurant Mitsukoshi, watch master chefs create culinary magic in unforgettable tableside presentations. The choice is up to you; the selection is delectable, no matter which port of call you're in.

The centerpiece of this incredible journey is the American Adventure, presented by Coca-Cola and American Express. In unveiling an awesome panorama of the American story, the American Adventure combines large-screen projection, inspiring music and special effects — with performances by some of the most lifelike Audio-Animatronics figures ever developed.

THE MAGIC KINGDOM

More than 40 delightful attractions. Over 70 shops and restaurants. Musical groups playing everything from Dixieland jazz to country-western traditional. Plus, Mickey, Minnie, Donald, Goofy, and all your other Disney favorites! In the Magic Kingdom, your wishes and dreams from childhood fantasies come true in extraordinary ways.

Main Street, U.S.A. showcases doubledecker buses, horseless carriages, a Victorian restaurant and silent movies, as you find yourself in turn-of-the-century America. Charming shops filled with novel treasures adorn this whimsical trip back to our nation's earlier days. And for entertainment, be prepared to toe-tap and finger-snap in time with sidewalk musical groups and a merry, high-stepping parade featuring your favorite Disney characters.

Adventureland takes you on a journey through the exotic tropical locales of the world. At the "Tropical Serenade," the singing and joking Enchanted Tiki Birds are joined by a gaily chanting chorus of flowers and tiki gods, regaling you with warm-hearted entertainment. Then, board the famous "Jungle Cruise" and explore untamed lands and waterways — with ferocious inhabitants threatening at every turn. And, in "Pirates of the Caribbean," you'll be right in the middle of a cannon-bursting pirate siege.

On to **Frontierland**, where you'll be greeted by the sounds of steamboat

whistles, strumming banjos, and country tunes in a salute to our pioneering forefathers. You can clap your hands to the rootin'-tootin' beat of the "Diamond Horseshoe Revue" and the "Country Bear Jamboree." Then, take a rollicking ride on "Big Thunder Mountain Railroad": This "runaway" mine train hurtles you through a swarm of bats, underneath a raging waterfall and straight into an avalanche!

Steam down the Rivers of America in a **Liberty Square** riverboat, and disembark for the "Hall of Presidents" — through the magic of Audio-Animatronics, you'll have an audience with all our nation's presidents, as Abraham Lincoln recounts the principles upon which this great land is based. After browsing through **World of Wonders** and the Silversmith Shop, you can enjoy a "frightfully" good time inside the "Haunted Mansion" . . . where you'll be taken on a "spirit"-ed tour, conducted by 999 fun-loving ghosts, ghouls, and goblins!

In **Fantasyland**, visit childhood favorites like Peter Pan, Snow White, and Dumbo, in a storybook world of flying elephants, twirling teacups and a glittering carousel. Take an adventuresome trip with Captain Nemo "20,000 Leagues Under the Sea," or cruise through an international chorus of captivating, singing dolls, where you'll discover "It's A Small World After All."

And in **Tomorrowland**, you'll be able to take a "Journey to Mars," fly around the world as "If You Had Wings," and blast off to the stars inside thrilling "Space Mountain." Then glide above this extraordinary land aboard the electro-magnetically powered "WEDway PeopleMover."
